TWELVE TRADITIONS

1. Our common welfare should come first; personal recovery depends on NA unity.
2. For our group purpose, there is but one ultimate authority, a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants, they do not govern.
3. The only requirement for membership is a desire to stop using.
4. Each group should be autonomous except in matters affecting other groups or NA as a whole.
5. Each group has but one primary purpose – to carry the message to the addict who still suffers.
6. An NA group ought never endorse, finance or lend the NA name to any related facility or outside enterprise, lest problems of money, property or prestige divert us from our primary purpose.
7. Every NA group ought to be fully self-supporting, declining outside contributions.
8. Narcotics Anonymous should remain forever non professional, but our service centers may employ special workers.
9. NA, as such, ought never be organized, but we may create service boards or committees directly responsible to those they serve.
10. Narcotics Anonymous has no opinion on outside issues; hence the NA name ought never be drawn into public controversy.
11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and films.
12. Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities.

TWELVE CONCEPTS

1. To fulfill our fellowship's primary purpose, the NA groups have joined together to create a structure which develops, coordinates, and maintains services on behalf of NA as a whole.
2. The final responsibility and authority for NA services rests with the NA groups.
3. The NA groups delegate to the service structure the authority necessary to fulfill the responsibilities assigned to it.
4. Effective leadership is highly valued in Narcotics Anonymous. Leadership qualities should be carefully considered when selecting trusted servants.
5. For each responsibility assigned to the service structure, a single point of decision and accountability should be clearly defined.
6. Group conscience is the spiritual means by which we invite a loving God to influence our decisions.
7. all members of a service body bear substantial responsibility for that body's decisions and should be allowed to fully participate in its decision-making processes.
8. Our service structure depends on the integrity and effectiveness of our communications.
9. All elements of our service structure have the responsibility to carefully consider all viewpoints in their decision-making process.
10. Any member of a service body can petition that body for the redress of a personal grievance, without fear of reprisal.
11. NA funds are to be used to further our primary purpose, and must be managed responsibly.
12. In keeping with the spiritual nature of Narcotics Anonymous, our structure should always be one of service, never government.

PURPOSE

The purpose of a Regional Service Committee is to be supportive of its Areas and Groups and their primary purpose, by linking together the Areas and Groups within its Region, by helping Areas and Groups with their basic situations and needs, and by encouraging the growth of the fellowship.

DEFINITION

Regional Service Committee (RSC) is a Committee made up of the RCM's from the Florida Region. This Service Committee is designed to provide service to its member Areas. An ASC and RSC are similar in nature and purpose, but their respective functions are slightly different. While an ASC serves the common needs of its member Groups, the Florida Region serves three basic functions:

1. The primary function of the RSC is to unify the Areas within the Region
2. The secondary function of the RSC is to carry the message of recovery through Sub-Committee actions.
3. The third function of the RSC is to contribute to the growth of NA both by initiating much of the work to be finalized at the World Service Conference and by helping our World Services.

PROCEDURES

The RSC Conferences are held on the third Sunday of the following months: January, March, May, July, September and November. The RSC Conferences are to be held to a two-day function. (No Friday Sub-Committee or Ad-Hoc meetings.) The RSC meeting shall not be held at any Recovery Weekend, Mini-Convention, etc., or in the same area it is being held. The RSC meeting, as well as all Standing Committee and Ad-Hoc Committee meetings, are non-smoking meetings with five minute smoke breaks every hour.

Attendance

1. Any area that meets the criteria established in the "Guide to Local Services", pgs. 47, 48 & 49, is automatically a voting member of the RSC.
2. Any new Area that comes to the RSC may start voting and be recognized that day.
3. Any RCM or Sub-Committee Chairperson leaving the RSC before its end should notify the Secretary upon leaving.

Regional Archivist

Purpose

Like any other service activity, the primary purpose is to carry the message of Narcotics Anonymous. Archival work is more than mere custodial activity; it is the means by which we collect, preserve and shares the heritage of our fellowship.

N.A. members have a responsibility to gather and take good care of the fellowship's historical documents and memorabilia. Correspondence, records, photographs, newspaper and magazine articles from the past need to be collected preserved and made available for the guidance and research of N.A. members for now and for the generations to come.

Functions of the Archivist

1. The Archivist shall receive, classify and index all relevant material, including but not limited to, administrative files and records, correspondence, and literary and artifactual works considered to have historical importance to groups, areas and regions in the State of Florida.
2. The Archivist shall create and maintain a mobile history display(s) available for conventions and special events in the State of Florida and beyond as long as the funding and/or reimbursement for such related costs such as transportation and room and board are funded by either the region or requesting service committee.
3. The Archivist shall therefore function in a two-fold manner: primarily, a custodial responsibility for assuring the physical integrity of the collection, storage of artifacts and its availability to persons with a valid reason. Secondly, a parallel and critical role of data gatherer.

4. The Florida Regional Service Office (RSO) was designated as the primary repository for archives since its inception; therefore, the RSO provides adequate space for the collection, cataloging and preservation of historical materials.
5. Letters, books, booklets, pamphlets, world directories, area and regional meeting lists, event and conventions flyers and memorabilia for groups, areas and regions in the State of Florida along with documents and memorabilia from WSC/WSO/WCNA, area and regional newsletters, area and regional service committee minutes, written histories, photographs, audio and videotapes and digital records serve as the foundation of the archival library.
6. The Archivist shall develop and maintain a detailed inventory of all items in the regional archives.
7. The Archivist shall develop ways and means to enhance the archival inventory by creating a method for donors to have some assurance that their gift will be treated and handled with care for generations to come.
8. The Archivist may recruit other volunteers to act as Assistant Archivists (these assistants shall meet the same qualifications and requirements as the archivist).
9. The Archivist shall not remove any material from the RSO unless the material is to be used as part of the mobile history display or to be repaired by a professional. The special worker will cross-reference and inventory those items removed from the RSO via a checklist to insure all the materials that were taken and returned can be attested too.
10. The Archivist is responsible for the physical integrity of the collection, documents and artifactual items; therefore, the archivist maintains proper methods of storage for such items.
11. The Archivist is responsible for ensuring the protection of the anonymity of members, and the confidentiality of the records.
12. In keeping with the Tradition seven, the archives ought to be fully self-supporting, declining outside contributions. It is better that funding for the archives are derived from an overall budget within the service structure.
13. Maintains regular communication with the World Service Office, and other regional Archivist

Subcommittee Membership

The position of Archivist (elected) and Assistant Archivist (volunteer) are individual positions, not a committee or sub-committee. They may meet with the special worker(s), RSO Board members or other committee members as deemed necessary from time to time in regards to the archive collection.

3. Working with others, men with men and women with women. Some facilities house only men or only women, other facilities house both men and women, but keep them separate. In these facilities, where your meetings will consist of only women, we feel strongly that only same sex NA members should participate. Remember, our primary purpose is to carry the message of recovery, not to make our meeting more popular with the addicts we are trying to help. Problems that arise in this are have the potential to seriously damage the credibility of NA. Experience has taught us that we can avoid these problems if we follow this simple guideline.

Appropriate use of language and lithography is crucial because these flyers, in a sense, represent NA to the public. If a performer is performing, a promotional picture or logo should not appear on the flyer as this is promoting an outside enterprise; however, names of performers, hotels, golf

courses are appropriate information on the flyer with a disclaimer. It should be noted on the flyer that NA is not affiliated with any outside enterprises listed on the flyer.

Duties and Responsibilities:

1. Secure people to chair Marathon Meetings
2. Responsible for keeping the meeting running smoothly
3. Select the format for the marathon Meetings, although experience has shown that the best format seems to be opening the meeting at the beginning of the Convention with any necessary readings, and then having the Chairperson open the meeting up for discussion. Subsequent Chairperson will then only introduce them and carry on the discussion taking place at the time. This is in contrast to each Chairperson opening and closing separate meetings. If needed, they suggest topics. Typically most chair people bring their own topics.
4. Secure Chairpersons by distributing flyers or request letters at the FRSC and at ASC's. When you have enough names you can draw them from a hat or assign them to particular time slots. Replies are mailed out to all Chairpersons to inform them of their respective time and day to chair.
5. Post a list of the Chairpersons and their times to chair outside the Marathon room as a convenient reminder.
6. One way to get chair people is to go over the registration forms for people who had requested to chair a meeting, or get list from FRSO.

Registration

The Registration Committee is comprised of two (2) representatives elected from each area within the Florida Region along with the FRC Board member as the Chairperson.

1. The first task is to design a registration flyer, which must be done will in advance (at least 8 months prior to the Convention) and approved by the FRC Board.
2. The registration form should be written with clarity, organization, and ease of understanding in mind. All information that could possibly be needed must be considered and included on the registration form. The cut off date or pre-registration should appear on all registration forms.
3. Once approved by the FRC Board, it is the responsibility of the Registration Chair to ensure that the flyers are produced and distributed throughout the fellowship as soon as possible. (The RSO should be used for production and distribution unless more cost effective measures are found.) The RSC shall also be used as a resource for distribution

of flyers to the RCM's at the RSC. Other recipients are to include: all known fellowship Webistes, WSO News Line, NA Way and other Regional Delegates and any other known interested groups or members.

4. A minimum order of 10,000 flyers shall be purchased for the first printing.
5. The procedures for handling registration money can be found in the CFO's guidelines.
6. The Committee shall select contents for the packet based on the approved budget line item
7. The budget set for the registration packet shall include any and all items that are associated with the packet; including envelopes, badges, tickets, small trinkets, ribbons and anything else the Committee wishes to put in the packets. After this is done, prices for items to be included in the packet should be obtained.
8. Bids for prices should be solicited from at least three (3) different vendors; one of the 3 vendors must be the RSO. After this is done and the Support Committee and the FRC Board approves the items, the times will then be ordered.
9. Final preparation for the Convention includes buying all supplies for the Registration table, assembling packets, ordering banquet & Committee ribbons and having all records of pre-registrations up to date. A number of indigent packets must be made for NA members who cannot afford to register.
10. No person should be turned away.
11. Volunteers are required to sit at the registration table. A suggested shift for a team to work is two (2) hours.
12. The Registration Time Schedule in the Policy Package will be followed.
13. A member of the Registration Committee will attend all fun-raisers.
14. Attendance is required at the convention site the day prior to the Convention for set-up.

The following work is handled by the FRSO for the Registration Committee:

1. As each registration is received, a record shall be made indicating information about the registration and all money received. If free registrations are given out at fun raisers, the Committee must keep careful records of what is provided and to whom, and provide this information to the FRSO.
2. A record system must be established to record all pre-registrants. A record of registrations, banquets, clean time and area or state must be kept. A record of registrations of those individuals who are non-addicts must be kept also.
3. Once a month, and then weekly beginning six (5) weeks prior to the convention, the Registration Chair shall contact the RSO to be apprised of the registration status.

WORLD SERVICE BOARD OF TRUSTEES BULLETIN #30

Theft of NA funds

Safeguarding funds

Selecting trusted servants

Responsible management

When safeguards fail

Resolution and recovery

The following paper was written by the Board of Trustees in response to a number of letters indicating that theft of NA funds is a recurring issue in our fellowship. In preparing this paper, we have relied on the experience of many groups, area and regional service committees, convention corporations, and service offices as shared with us in correspondence and at workshops on the issue. We encourage you to make use of this valuable and often painfully learned experience in your management of NA funds.

Substantial donations are contributed by the NA Fellowship every year. These funds are given by NA members who trust that it will somehow help other addicts get clean. While this money is precious, the member's trust is even more so. We need to keep the image of that one member and that one donation in mind whenever we make decisions about handling NA's money.

Most of NA's money gets where it is supposed to go. NA members serving in positions of financial responsibility for the fellowship volunteer countless hours to make sure everything adds up. Services such as local phone lines are paid for, literature is purchased and available to members at meetings; tens of thousands of meetings take place every week in rooms that NA pays rent for. Many individual trusted servants follow guidelines and pass on funds that are used to further our primary purpose. All of these things happen because NA communities utilize responsible accounting practices.

Safeguarding funds

Theft can be avoided by consistently and diligently following responsible financial principles and practices. The pain and conflict caused when one of our members steals from us, as well as the loss of funds that might have gone to help the still-suffering addict, points to our responsibility to prevent theft from happening in the first place. Most theft of fellowship funds occurs when precautionary measures are not in place, or are in place, but not used. Some of us have hesitated to either institute or use these measures because it makes us uncomfortable—we believe that they are somehow insulting to the people we ask to serve or they seem too troublesome to follow. However, the very best safeguard against theft is to remove the opportunity to steal. It is far more

uncomfortable and troublesome to deal with a theft after it has taken place than to take measures to prevent it from happening in the first place.

Selecting trusted servants Our Fourth Concept tells us how to select our trusted servants. ***Effective leadership is highly valued in Narcotics Anonymous. Leadership qualities should be carefully considered when selecting trusted servants.***

So what exactly are these "leadership qualities" the Fourth Concept tells us to look for? Honesty, integrity, maturity, and stability, both in recovery and in personal finances, are but a few. We often avoid asking questions regarding the financial stability of those we are considering for these types of positions, because those questions may be uncomfortable for us, or we somehow feel they are inappropriate, given the spiritual nature of our program. We sometimes ignore evidence that a person is having a difficult time with his or her personal finances and should not have the additional burden of responsibility for NA's money. Not only is it okay to ask members standing for election about their qualifications in these areas, it is irresponsible not to.

Substantial clean time and financial stability should be required for positions where money is handled. Many NA communities have found it helpful to develop a list of questions regarding employment, service experience, experience with handling funds, and financial stability. These questions are then asked of all nominees as a matter of course, so that people do not feel singled out based on personalities.

Responsible management

"NA funds are to be used to further our primary purpose, and must be managed responsibly.' Our Eleventh Concept points out how very important NA funds are. In keeping with the spiritual principles of this concept, guidelines regarding the handling of funds should be developed and adhered to. The guidelines should include both recognized accounting practices and procedures that ensure the accountability of our trusted servants.

The Treasurers Handbook is an excellent resource for groups and service committees to use in instituting accounting procedures. All guidelines should include such safeguards as monthly reporting, regular audits, two-signature checking accounts, and monthly reconciliation of original bank statements. To paraphrase one of our sayings, an addict alone with NA money is in bad company. It is critically important that all processes are monitored by another person: two people count receipts; two people make the bank deposit (and this should be done immediately, not the following day); two people reconcile the original bank statements; and most importantly, two people are always present when any funds are disbursed. Financial records should be readily available to

other trusted servants. It is important to note that other assets, such as convention merchandise, literature, and office equipment, should be treated as carefully as money.

Financial procedures need to be written into guidelines that require a review and signature of those responsible for handling funds before they are put into positions of responsibility. Members who know they will be held to standardized accounting and auditing procedures will most likely behave in a responsible manner. Include a statement that theft will not be tolerated, and outline the process that will be followed if a theft occurs. If you are unsure about how to write adequate financial guidelines, please contact the World Service Office for assistance.

When safeguards fail

If we develop and follow these procedures, we will make it almost impossible for anyone to misappropriate or steal NA funds. If someone does steal from us, the first question we should ask is one of ourselves: Did we adhere to all of our accounting procedures and safeguards? If the answer is no, we as a service committee also bear substantial responsibility for the theft. We will want to review our procedures to ensure that they are complete and resolve to adhere to them in the future.

But suppose the answer is yes, we followed our guidelines to the letter. We did everything in our power to prevent a theft, and someone stole from us anyway. When this happens, there is often a mixture of reactions, ranging from, "Let's forgive and forget; after all, we're addicts who are prone to acting out on our disease. We don't want to run the individual out of meetings and into a possible relapse," to "Let's throw the thief in jail!" But whatever it is, we don't want our initial emotional reaction to dictate the outcome of the situation.

Our program of recovery provides every member with an opportunity to behave responsibly in difficult situations and make amends. We are closest to the spiritual principles of our program when we begin to deal with a theft by encouraging the member who has stolen funds to make amends, which can then provide healing for all involved. This is not to say that the disappearance of NA funds should be taken lightly or that a service committee should sit and passively wait for a member who has stolen funds to be moved to make amends. We instead encourage a process that is both responsible and spiritual, taking steps of increasing severity should they prove necessary. First of all, a thorough review of all books and financial records should be conducted to make sure the funds were actually misappropriated. How much? By whom? What failing in the accounting procedures and safeguards allowed this to happen?

If it becomes clear that money has indeed been taken, the group or service committee should then schedule a meeting, making absolutely sure the

individual(s) who took the money is informed of the meeting and given the opportunity to present his or her point of view. At this meeting, there should be a format that allows time for everyone involved to express their feelings and concerns. This allows everyone to give their input and may also allow a "defusing process" to occur. After all sides have been heard, a break in the meeting format is encouraged to allow all present time to get in touch with their own Higher Power and focus on spiritual principles, before coming back to decide the best course of action.

If the individual admits to the theft and agrees to pay back the missing funds, a restitution agreement can be developed. Such an agreement can include regular payments at any interval acceptable to all involved, though it is best to not drag out the process unnecessarily. Most agreements specify regular weekly or monthly payments until the full amount is repaid. We strongly suggest drafting a legally binding document, utilizing legal advice if possible, and having it signed and witnessed. Let the individual know that if the restitution agreement is not adhered to, you intend to take legal action based on the signed and witnessed restitution agreement.

A report about the situation should be published, and regular reports on the status of the restitution agreement should be published until the agreement is satisfied. Protecting the identity of the person involved is secondary to being accountable to the fellowship for its funds and ensuring that the person is not put in a position where he or she may do further harm.

Again balancing spirituality with responsibility, we have found that it is best to remove the individual from his or her service position, and not consider the person for another position until he or she has dealt with the issue through the process of the steps.

If the individual does not appear at the special meeting, you will need to ensure that every effort to contact the person has been made. Use registered mail and send a letter explaining that an audit of financial records has been performed, that facts show the individual is responsible for missing money, that repayment is expected, and what the consequences will be if the individual does not respond to the letter. Copies of the letter should be put in a safe place for further reference. This may seem severe, but if the previous steps have been taken without result, sometimes something this harsh is the impetus that encourages the individual to make restitution.

If the individual refuses to repay the money, or agrees to a plan but does not follow through with the agreement, or if the person has disappeared, it may be appropriate to take legal action. The decision to take legal action is an option that does not compromise traditions or spiritual principles, but it should be our last resort, opted for only when everything else has been tried. We strongly suggest

that the decision to prosecute be thoroughly explored before going ahead, using area and regional service committees, the WSO, and the WSO as resources.

Resolution and recovery

Even if a successful resolution is reached, many of us will still be angry and hurt, and may want to shun the person involved. Although this is understandable, we have to remind ourselves that NA's primary purpose is to carry the message to the addict who still suffers. We also need to remember that our disease will surface if we are not diligently working a program of recovery. As NA members practicing spiritual principles, we should all support the individual in continuing his or her recovery, utilizing meetings, a sponsor, and the Twelve Steps. We should offer the same love and support we would to someone who has relapsed by using drugs.

The misappropriation of NA funds affects groups, service committees, and world services in their efforts to carry the message to the still suffering addict. The process necessary to deal with such incidents typically has long-term effects---conflict between members, disunity, disillusioned members-on any NA community, directly affecting the newcomer. The safeguards recommended in this bulletin not only protect our funds, but also protect us from our disease. We implore NA communities worldwide to develop and follow procedures that protect NA funds; doing so will keep our future secure.

GENERAL EMPLOYMENT PHILOSOPHY AND PERSONNEL GUIDELINES

The FRSO BOD selects a special worker in whom they vest certain duties, responsibilities and authority. This personnel policy package outlines some of those duties, responsibilities and authorities as they pertain to the management of these special workers. Final authority in all personnel matters resides with the Board of Directors when acting as a Board- When the Board is not meeting, generally the overall personnel management is entrusted to the FRSO Office Manager.

There are important attitudes and values that special workers are to understand. These pertain to the philosophy of the BOD on matters of personnel policy. The actions by an employee in the discharge of their work duties, tasks and responsibilities must be separated entirely from that member's participation in the fellowship. Job related injuries

Upon injury on the job, immediate verbal notification to the Office Manager is required along with written documentation of the incident, which shall be investigated (to include a drug test), verified and signed by the Office Manager. When an employee is injured on the job, there shall be no loss in pay for the remainder of that day. Additional time off will be charged against the employees' sick leave time. A medical release shall be required to return to work.

Probationary period;

A ninety -(90) day probationary period is mandatory. This time will permit an employee to become acquainted with the position. It will also allow the Office Manager to determine the employee's ability to accomplish the assigned work. During this time an employee can be terminated without cause or the Office Manager/BOD can extend this probationary period if they deem this necessary.

Disciplinary measures;

After the completion of the ninety-day probationary period there are certain procedures that must be followed before an employee can be disciplined and/or terminated. The FRSO views disciplinary action as an opportunity to correct a performance deficiency. For all disciplinary problems that do not warrant immediate termination, the following process shall be followed;

First occurrence, verbal warning with a written statement to be placed in the employees personnel file.

Second occurrence, formal written warning, stating the corrective action that must be taken and placed in the employees' personnel file.

Third occurrence, suspension without pay or termination. However, certain cases could warrant immediate termination such cases include, but are not limited to:

Gross insubordination (includes, but is not limited to, refusal to perform work assignments).

Breach of confidence

Falsification of records

Theft (regardless of value)

Intoxication or illegal substance use on the job

Failure of a drug test

Conviction of a felony while employed by the FRSO

Abusive treatment of co-workers, staff, FRSO BOD or customers

Repeated unexcused absences

Gross incompetence

Abuse of sick time

The above list is not all-inclusive and an employee may be terminated for any conduct not listed, if in the opinion of the Office Manager or the BOD, such conduct warrants termination.

Grievance procedure;

The FRSO/BOD encourages mutual understanding and amicable cooperation among all employees. Occasionally, however, differences and complaints may arise within a working environment. Day to day contacts should ordinarily provide many opportunities for discussion and resolution of such matters. When these normal contacts fall, an employee may seek relief under the grievance procedures. It is the right of each and every employee to receive full and serious consideration of a grievance, opportunity to take the grievance through all the steps of the procedure without prejudice, and a prompt reply to a grievance at each step. Preliminary step; The Office Manager or member of the FRSO Administrative Committee shall meet with the employee to discuss and resolve the complaint as soon as possible after the matter is brought to the Office Managers attention- The Office Manager shall make every effort to resolve the complaint at this stage. Formal grievance procedure step; if the reply to the complaint does not satisfy the employee, the employee may submit a written report to the Board of Directors. The BOD shall make the final decision in the case and shall deliver a final written reply to the employee as soon as possible.

Termination of employment;

It is expected that an employee who resigns, give a fifteen (15) days notice before leaving their position. It is expected that the FRSO give fifteen (15) days notice of intent to layoff.

Employee evaluations-

All employees will receive annual evaluations. These evaluations are to be used for improving the performance of the employee and not to be taken as criticism.

Personal items;

Items such as clocks, radios and other personal effects may be brought into the FRSO to make the environment more comfortable. However the FRSO, will not be held responsible for any items lost, stolen or damaged.

Dress code;

All employees while on the FRSO premises or on duty outside the FRSO must adhere to the following dress code;

Must be neat and clean

No clothing may be worn that would be a conflict with the Sixth Tradition of N.A. such as shirts, buttons, which affiliate the FRSO with treatment centers or other 12 Step programs or businesses engaged in the treatment of addiction or the recovery field.

No clothing which contains profanity, obscenities or endorsement of alcohol or other drugs. No flip-flops or sandals.

Telephone use;

We expect employees to limit the use of the telephone to official company business. If personal calls, (both incoming and outgoing) are necessary, they should be kept to a minimum. No personal long distance calls or to be made.

RSC RULES OF ORDER

The Florida Regional Service Committee, (herein referred to as “RSC”) utilizes the following short form version, entitled “RSC RULES OF ORDER”, adapted from the “WSC Rules of Order”. WSC rules of order have been adapted from the latest edition of Robert’s Rules of Order, which have been found to meet the general needs of the WSC, when such rules are not in conflict with the Temporary Working Guide to our Service Structure, the 12 Steps, 12 Traditions, 12 Concepts or the Spiritual Principles of NA, (herein referred to as “policies.”) The RSC Rules of Order will be used in conducting business on the floor of the RSC meeting.

In cases where the RSC Rules of Order are not comprehensive enough, the RSC will utilize the latest edition of Robert’s Rules of Order, (herein referred to as “Robert’s”). The utilization of Robert’s is based on the need for rules of procedure in cases where we have not written our own rules of order. In any case, if there is a conflict or discrepancy, RSC Rules take precedence over Roberts.

The intent of using rules of order is to provide an orderly way to conduct business, to protect each member’s rights, to protect the RSC’s rights, and to protect the free exercise of debate. If we understand the principles of NA and use these procedures appropriately, the use of parliamentary procedure will enhance, not hinder the accomplishment of the business of the RSC.

The RSC Rules of Order clarify common procedures used in the conduct of business at the RSC weekend. Within the RSC Rules of Order, “RSC” shall mean all the participating members of the Florida Regional Service Committee, including those members from the South Florida Region elected to represent them, and “RSC Meeting” shall mean the meeting which typically takes place the third Sunday of the following months: January, March, May, July, September, and November. These rules reflect procedures used by the RSC at the RSC Meeting and may only be changed by a 2/3 majority of the voting membership of the RSC.

STANDING RULES

1. No member may make two motions at the same time.
2. No member may speak on a motion more than once unless others desiring to speak on the motion have exercised their opportunity.
3. There shall be a time limit on debate by any member. No member may speak longer than three minutes on a motion for each time they are recognized by the Chairperson to speak. However, the Chairperson may exercise discretion to extend the time limit when in the Chairperson’s opinion, such action is warranted. To otherwise extend debate, a Motion to Extend or Limit debate with a time limit must be made and seconded. This motion can only be adopted by a 2/3 majority.
4. There shall be a limit on debate of the number of speakers on any motion. There shall be no more than two members speak in favor (pro) of any motion, and no more than two members speak in opposition (con) of any motion. However, the Chairperson may

exercise discretion to extend the number of speakers when in the Chairperson's opinion, such action is warranted. To otherwise extend debate, a Motion to Extend or Limit Debate with the number of speakers must be made and seconded. This motion can only be adopted by a 2/3 majority.

5. Every Main Motion must be presented in writing on the appropriate form and contain the name of the member proposing the motion and the name of the member seconding the motion. All Main Motions to be considered on the day of business must be given to the Vice-Chairperson before the start of new business. All Main Motions received after the start of new business will be on the agenda under new business at the next RSC.
6. Adoption
 - a. On matters of procedure, such as Lay on the Table, Recess, Amend, Commit, etc., The number voting in the affirmative required for adoption: The majority of 2/3 majority for voting will be calculated based on the number of votes less all abstentions. That number must equal quorum or the motion is tabled until quorum is reached on that motion.
 - b. On matters of Policy, such as Policy of the RSC, Subcommittee Guidelines, By-Laws of Incorporated Boards, or any other RSC policies, for approval, removal, or changes, a 2/3 majority of the registered participants present at the most recent roll call are required to vote in the affirmative for adoption to occur. A simple majority of those present and voting may adopt a motion ordering a roll call be taken prior to the vote.
7. A quorum (the number of voting participants who must be present in order to conduct business) for RSC meeting shall be a majority of all eligible voting members.
8. An Adopted Motion shall take effect at the close of the RSC meeting, unless otherwise stated in the motion.

RULES DIFFERENT FROM ROBERT'S

1. RSC limits debate to 3 minutes per speaker. (Robert's = 10 minutes)
2. RSC limits the number of speakers on each pending motion to two pros and two cons. (Robert's = unlimited)
3. RSC limits debate on the motion to appeal to one pro and one con with the Chairperson always the con. (Robert's = unlimited)
4. RSC does not limit the number of times the same speaker may speak on a motion, except no speaker may speak on a motion more than once unless all others wanting to speak have done so. (Robert's = a member can only speak twice on a motion and cannot speak for the second time until all others have exercised their rights of debate. If a motion pending is brought up the next day, rights of the debate begin over again.)
5. RSC requires a 2/3 majority to adopt the motions Lay on the Table and Reconsider. (Robert's = majority.)
6. RSC will allow no amendments on the motions to Limit or Extend Debate. (Roberts = allows)
7. RSC requires 2/3 majority to adopt Main Motions that: change RSC policies, Subcommittee Guidelines, Incorporated Boards By-laws or Guidelines. (Robert's = majority on Main Motions.)

THE PROCESS

The Making and disposing of Motions.

- a. **A motion is made.** This is the beginning of the process of bringing a matter before the RSC. Avoid wording the motion in the negative because of the possible confusion as to the effect of the motion. A motion should be clear, concise and comprehensive so that the RSC is not voting on the perceived intent, but on the actual wording as it will be officially recorded.
- b. **A motion is seconded.** A second merely indicates that another member wishes the matter to come before the RSC; it does not necessarily mean that the seconder is in favor of the motion.
- c. **The Chairperson states the motion.** This makes the motion pending and before the RSC; it is only at this point that the motion belongs to the RSC and must be disposed of in some manner.
- d. **Debate follows** (if the motion is debatable), and/or the making of a subsidiary or incidental motion (if the motion is amendable or if other incidental motions are in order).
- e. When ready, the RSC votes to adopt, (carry, pass) or reject, (fail, defeat) the motion. This is also known as the Chairperson putting the question.
- f. **Voting** generally takes place by show of hands, unless a motion is made for a roll call or paper ballot vote.
- g. In cases where there seems to be little or not opposition in routine business, adoption of a motion or action without a motion can be by unanimous consent. The Chairperson calls for any objections; if there are none; the matter/action is adopted. In the case of an Amendment or a pending motion, this is known as a “Friendly Amendment.” It must be “Friendly” to the entire RSC, not just to the maker of the motion.
- h. A majority vote (simple majority) is one more than half of the voting members present at the time that the vote is called.
- i. Two-thirds vote (2/3 majority) means at least two-thirds of the voting members present at the time that a vote is called.

The RSC has chosen that:

1. In matters of procedure, the set of members to be used to determine the number of votes required for adoptions shall be the number present and voting.
2. In matters of Policy, the set of members to be used to determine the number of votes required for adoption shall be “those members on the most current roll call”.
3. In determining a Quorum, the set of members used to determine the number of participants needed to be in attendance shall be “all those eligible to vote”.
4. The Chairperson announces the results of the vote, and its adoption or rejection.

Class (type), Precedence and Order of Motions

Since there may be several motions pending at any given time, the highest ranking motion is disposed of first. Motions of higher rank than the pending motion are in order. The class and the order of precedence within a class of a motion determine when it is in or out of order, and what it

takes precedence over. A motion that brings a question before the RSC generally can only be made when no other business is pending.

1. **M - Main Motion** – Brings business before the RSC. Can only be made when no other motion is pending and ranks lowest in the order of precedence.
 - a. No main motion is in order if it conflicts with national, state, local laws or ordinances, or with the rules, principles, or policies of the RSC.
 - b. No main motion is in order which presents substantially the same question as a motion previously rejected during the same business day.
 - c. No main motion is in order that would conflict with or that presents substantially the same question as one which has been temporarily disposed of and which remains within the control of the RSC. (Example: Committed, Tabled, Postponed.) If a question has been Laid on the Table and the same motion is brought before the RSC in the same business day, it would be more appropriate to take up the original motion from the table and dispose of it rather than to address the new motion.
2. **S - Subsidiary Motion** – Assists the RSC in handling a pending motion. Always applies to the pending motion and does something to it without expressly adopting or rejecting it. Subsidiary motions also have an order of precedence and several may be pending at one time.
3. **P - Privileged Motion** – Does not relate to pending business, but is so important that it should be allowed to interrupt the consideration of anything else. In general, the highest ranking motion. Privileged motions also have an order of precedence and there may be several pending at the same time.
4. **I - Incidental Motion** – Deals with questions of procedure arising out of a pending motion or another item of business. Although it may resemble a subsidiary motion, it does not generally alter the pending motion, but the procedure. With few exceptions, it relates to the pending question and must be taken care of before business proceeds. It is difficult to set their order of precedence, since it depends on the particular set of circumstances each time.

Following is an example of the order of precedence of privileged and subsidiary motions, listed with the highest ranking at the top. Each motion takes precedence and therefore is in order (even if the others below are pending) over the ones listed below it.

Adjourn		Not Debatable
	Recess	
Privileged	Raise a Question of Privilege	
	Call of the Order of the Day	
	Lay on the Table	
	Previous Question	
	Limit or Extend Debate	
Subsidiary	Postpone to Definite Time	Debatable
	Commit (or refer as to	

	committee)	
	Amend	
	Postpone indefinitely	
	Main Motion	

Redress

If a member believes that a motion is not being handled well, or has not been handled correctly, (whether Adopted, Rejected, Temporarily Disposed of, etc.) or should be changed due to new information, a change in circumstances, etc., there are certain situations to consider and many options available:

Matters left undone at adjournment die. However, they may be brought up at the next RSC as a new question.

Matters left tabled at adjournment remain on the table until a motion to remove from the table is made and seconded. Motions remain on the table until a motion to remove from the table is made and seconded. Motions remaining on the table for more than two consecutive RSC's die. However, they may be brought up at the next RSC as a new question.

Matter adopted During the same business day, the motion to Reconsider or Amend something previously adopted would be in order. The motion to Reconsider is in order if the original motion was voted on at the last RSC or current business day. The Motion to Reconsider must be made by a member who voted on the prevailing (winning) side of the original vote. If the reconsider time limit has passed, the appropriate motion would be to Amend Something Previously Adopted. During the same business day, Reconsider is the preferred motion; however, Amend Something Previously Adopted is in order at any time before or after it is too late to reconsider. At a later RSC, the appropriate motion would be to Amend Something Previously Adopted. Any member may make that motion. The motion must be seconded, and there is no time limit.

Matters Temporarily Disposed of Suspend the Rules, Discharge a Committee, or Take from the Table would be appropriate depending on the circumstances, or to Reconsider a Motion (if reconsider able) that temporarily disposed of a motion, e.g. Commit or Postpone.

To Remove A Pending Motion from the Floor

There are several options, some of which are:

1. ***Lay on the Table***: If the intent is to set aside a pending motion temporarily, because an urgent matter has arisen. As soon as the interrupting business has been taken care of, a motion to Take from the Table is In order. If the intent is to refer to groups the motion would automatically become old business at the next RSC. If the intent is to give time to gather more information, the motion to Commit or Postpone would be more appropriate.
2. ***Postpone Definitely***: If the intent is to put off consideration to a more convenient time or pending more information.
3. ***Postpone Indefinitely***: If the intent is to kill the motion for that day's business.

4. **Objection to Consideration:** If the intent is to avoid consideration of the motion for that business day.
5. ***Commit to Committee:*** If the intent is refer the matter to a specific group to collect input, search, and/or to make recommendations.
6. ***Extend or Limit Debate:*** If the intent is to limit the number of speakers, the amount of time each speaker may speak, or the total time of debate, or to set the time that debate will close.
7. ***Call the question:*** (previous question) If the intent is to stop debate immediately and put the matter to a vote.
8. ***Vote against the motion.*** If the intent is to defeat the pending motion
9. ***Vote for the motion:*** If the intent is to adopt the pending motion.
10. ***Recess:*** If the intent is for the RSC to take a brief time out before continuing, (smoke break, lunch, checkout time.)
11. ***Adjourn:*** If the intent is to end business for the day. No other business will be taken up until the next RSC.

Description of Motions

Following is a text description in alphabetical order of the most commonly used motions and some of their characteristics. Following that is a chart, also in alphabetical order, of those motions further describing their use and characteristics.

1. ***Adjourn*** means to close the RSC meeting immediately until the next regularly scheduled meeting.
2. ***Amend*** (a pending motion) means to modify the wording of a pending motion and considered a primary amendment, that is, it applies directly to the main motion in question. The amendment is voted on by itself, before the pending motion. If the amendment is adopted, the main motion is then pending in its amended form; if the amendment is not adopted, the main motion is then pending in its original form.
 - a. An amendment is generally amendable. The amendment is considered a secondary amendment because it applies to the amendment and not to the main motion. The secondary amendment is disposed of by itself, before the primary amendment. If the secondary amendment is adopted, then the primary amendment is pending in its amended form. If the secondary amendment is not adopted, then the primary amendment is pending in its original form.
 - b. A pending motion may be amended may times before final disposition; however, no more than one primary and one secondary amendment can be pending at any one time.
 - c. A member's vote on an amendment does not obligate him to vote in a particular way on the main motion. Because primary amendments, secondary amendments and pending motions are voted on separately, each member is allowed the freedom to oppose the amendments, but vote in favor of the main motion, or vice versa.
 - d. The Motion to Substitute, a form of the Motion Amend, proposes that a substitution shall come before the assembly in place of the pending motion. During consideration of the motion to substitute, debate may consider the merits of the pending motion and its proposed substitute, and both may be perfected by

amendment, but any amendments to the original pending motion will be taken up first. Once all amendments have been made and disposed of, the motion to substitute is voted on. If carried, the substitution comes to the body for vote. If the motion to substitute fails, the original motion comes to the body for vote. If the substitute motion is adopted, the original motion dies.

3. ***Amend Something Previously Adopted*** means to change a part of a motion already adopted. This motion can be moved by any member, regardless of how he voted on the original motion. There is also no time limit as to when the motion can be made.
 - a. Rescind, Repeal, And Annul: (A form of the motion to Amend Something Previously Adopted) means to cancel out totally a motion already adopted. This motion can be moved by any member, regardless of how he voted on the original motion. There is no time limit on when this motion can be made.
4. ***Appeal the Chairperson*** means that the ruling is taken from the Chairperson and decided by the RSC body. By electing a Chairperson, the RSC delegates the authority and duty to make necessary rulings on questions of parliamentary procedure. However, members do have the right to appeal and have no right to criticize a ruling of the Chairperson unless they appeal the decision.
5. ***Commit or Refer to Committee*** means to send the pending question or other issue to a committee so that the question or issue may be carefully investigated and put into better condition for the RSC to consider. The motion should specify which committee or board. If a special or Ad Hoc committee is needed, the committee can be formed in the same or amending motion or appointed by the Chairperson.
6. ***Discharge a Committee*** means to discharge the committee from further consideration of a question or subject. This is generally only advisable when the committee has failed to report with appropriate promptness, or when the RSC desires for some urgent reason to proceed without the aid from the committee, or when the RSC wishes to drop the matter. There is no need for this motion when the committee has made its final report, since that in effect discharges the committee. So long as the question is in the hands of a committee, the RSC cannot consider another motion involving the same question.
7. ***Division of the Question*** means the pending motion is divided into distinct and separate parts to be considered individually. The motion should state where the division(s) is/are to take place.
8. ***Lay on the Table*** means to set the pending motion aside temporarily when something of immediate urgency has arisen. The proper form of the motion does not state when the matter will be taken from the table. The matter must be taken from the table before adjournment or the matter dies for that session. However, the matter may be introduced at another session as a new motion.
 - a. If the mover's intent is anything other than to temporarily lay aside the matter until an emergency situation is taken care of, then the proper motion/actions are: Postpone Definitely; Postpone Indefinitely; Objection to Consideration; or vote against the motion. The motion Lay on the Table should be ruled out of order if its intended effect is to kill the motion for the current session. It is proper for the maker to state his reason or for the Chairperson to ask for the reason to Lay on the Table.
 - b. Since a motion that has been laid on the table is still within the control of the assembly, no other motion on the same subject that would substantially conflict or

present the same question would be in order. To consider a conflicting motion or a substitute, the tabled motion would first need to be taken from the table and disposed of.

9. **Limit or Extend Debate** means the assembly can exercise special control over the total time of debate, the time each member has to debate, or the number of members who can speak on a pending motion or series of pending motions, or the time that debate will cease. This motion cannot impose an immediate closing of debate; the appropriate motion then would be Previous question.
10. **Main Motion** is the introduction of new business, or in some cases, the reconsideration to amendment of previously adopted business.
11. **Objection to Consideration of the Question** means the mover believes that the issue is so sensitive it should not even come before the assembly for consideration or discussion. This must be moved prior to any debate or the making of any subsidiary motions. The motion when stated by the Chairperson is phrased so that the members are asked to vote for or against consideration. Therefore, those who wish to prevent consideration of the question vote in the negative. If the mover merely disagrees with the motion, the proper action is to vote against the original pending motion. If the objection is sustained, the main motion cannot be renewed during the same session except by unanimous consent or by reconsideration of the vote on the objection; however, the same motion can be introduced at any succeeding session.
12. **Order of the Day** (to call for) means any member can require the assembly to conform to its own agenda, unless the assembly then Suspends the Rules or Changes the Order of the Day.
13. **Parliamentary Inquiry** is a question to the Chairperson to obtain information on a matter of parliamentary procedure, or the guidelines of the assembly, bearing on the business being considered. It is the duty of the Chairperson to answer such questions when it may assist a member to make an appropriate motion, raise a proper point of order, understand the parliamentary situation, or understand the effect of a motion. The Chairperson is not obligated to answer hypothetical questions.
 - a. The Chairperson's reply is not subject to appeal, since it is an opinion, not a ruling. However, a member has the right to act contrary to this opinion, and, if ruled out of order, to appeal such a ruling.
14. **Point of Information** is a request directed to the Chairperson, or through the Chairperson to another member, for information relevant to business being considered, but is not a matter relegated to a parliamentary procedure and requires no vote. A point of information is not properly used to create a discussion between two members.
 - a. A point of information is a question to a member who is speaking. The Chairperson will ask the member who correctly has the floor if he will yield to a point of information. The member has the right not to yield, since the time consumed for the point of information will be taken out of the speaker's allowed time. If the member does yield, the member raising the point is required to raise the issue in the form of a question to the Chairperson, but the Chairperson usually allows the member who correctly has the floor to answer. After the question is stated, the member raising the matter is obligated to remain silent and allow the member who has the floor to continue.

15. **Point of Order** means a member believes the rules of the assembly are being violated, and is asking the Chairperson to make a determination whether the procedure in question is being violated. A point of order is not a method or procedure to dispute the accuracy of something that another member has stated, but a way to keep the assembly working on the business that it is supposed to be working on, in accordance with its guidelines and other rules of order.
 - a. This point needs to be made immediately when the perceived breach occurs. If a member is uncertain there is a breach of order, he can make a Parliamentary Inquiry. Also, it is undesirable to raise points of order on minor irregularities, if it is clear that no one's rights are being infringed upon.
16. **Postpone to a Definite Time** (Definitely) means to put off action on a pending motion until a definite day, meeting, or hour, or until after a certain event. This motion can be moved regardless of how much debate there has been on the pending motion. A question may be postponed to a more convenient time, or because debate has shown reasons for holding off a decision until later. The question may not be postponed beyond the end of the present session.
 - a. When the time to which a question has been postponed arrives, the question can be postponed again if additional delay will not interfere with the proper handling of the postponed motion.
 - b. When consideration of the question is resumed at the specified time, the business is in the same condition as it was immediately before the postponement, including any adhering motions. If the postponed motion is taken up on a different day, the business is in the same condition as it was immediately before postponement with all adhering motions, except the rights of debate begin over again as if the question had never been debated.
17. **Postpone Indefinitely** means that the assembly declines to take a position on the main question. Its adoption kills the motion for the duration of the session and avoids a direct vote on the question. It is useful in disposing of a badly chosen main motion that cannot be either adopted or expressly rejected without possibly undesirable consequences.
18. **Previous Question** means to immediately close the debate and the making of any subsidiary motions, except Lay on the Table of a pending motion. If Previous Question is not adopted, debate continues. If adopted, the pending motion goes immediately to vote.
19. **Question (Point) of Privilege** (to raise) permits a request or main motion relating to the rights and privileges of the assembly or any of its members to be brought up for possible immediate consideration because of its urgency, while business is pending and the request or motion would otherwise be out of order.
 - a. The Chairperson rules (subject to an appeal) on whether this matter should interrupt pending business. If the Chairperson rules yes, then the question is handled depending on its original form. If originally phrased as a request, it is handled as such; if phrased as a main motion, the question requires a second, is debatable, amendable, etc., and is handled by the assembly.
 - b. If there is no urgency, a question of privilege can be brought to the assembly as a regular motion and handled in the normal course of business.

20. ***Recess*** means a short intermission in the assembly's proceedings, which does not close the meeting, and after which business will be resumed immediately, at exactly the point at which it was interrupted.
 - a. If a recess is provided for in the agenda, the Chairperson simply declares the assembly in recess. If the Chairperson does not announce a pre-scheduled recess at the scheduled time, a member can call for the order of the day. If the assembly wishes to postpone a prescheduled recess, it can move to suspend the rules.
21. ***Reconsider*** enables a motion or amendment to be reconsidered if a member believes it was hasty or ill-advised action, or if new information or a changed situation has developed. However, it must be moved by a member who voted on the prevailing side (the seconder may have voted on either side) and it must be moved either on the same day or next day as the original vote. If the reconsider is adopted, the motion is brought before the assembly in the exact form as before the original vote was taken and is handled as if it has never been voted on, that is, it follows whatever parliamentary rules are appropriate to that motion, whether it is debatable, amendable, etc.
 - a. If the reconsider motion is debatable, a member has the right to debate the reconsider motion regardless of whether his rights were exhausted on the original motion. If the Reconsider is adopted the same day as the original vote, a members whose rights to debate the original motion were exhausted are still exhausted; if the Reconsider is adopted the next day, a member's rights to debate the original motion begin over again.
22. ***Suspend the Rules*** enable the assembly to do something without violating one or more of its own regular rules, for instance, to bring up a matter at a different time than originally scheduled. The Chairperson cannot move this, but can entertain another member to do so.
 - a. To change the order of the day is an application of Suspend the Rules, and means to take a question out of its proper order, or to consider one before the item to which it was postponed.
23. ***Take from the Table*** enables the assembly to make pending again a motion that had previously been laid on the table. If a matter is not taken from the table within the same session as the Motion to Lay on the Table, the matter dies, although the matter can be re-introduced later as a new question.
 - a. If the motion to Take from the Table is adopted, the original motion becomes pending in exactly the same form, including all adhering motions, as when it was laid down. If a matter is taken from the table the same day as laid down, members who had exhausted their right to debate cannot speak again; if taken from the table on another day, debate rights start over again.
24. ***Voting*** (motions about) enables the assembly to obtain a vote on a question in some other than by voice or other than as described in the assembly's standing rules, or to close or re-open the polls.
25. ***Withdraw/Modify a Motion*** (to grant the maker permission) means the assembly gives permission to the maker to alter or withdraw his motion. This permission is required only after the motion has been stated by the Chairperson. After the question is stated by the Chairperson, the motion becomes a pending motion and the property of the assembly, which must dispose of it in some way. A pending motion can be amended only by vote or unanimous consent, even if the maker accepts the amendment.

- a. Before a question is stated by the Chairperson, the maker has the right to modify or withdraw it. If the maker of a motion modifies it before it is stated, the seconder has the right to withdraw his second. If a modification is accepted by the maker as suggested by another member, either before or after the motion has been seconded, the suggested has in effect seconded the modified motion, so no other second is necessary.

***The RSC has chosen to require a 2/3 majority of the registered participants to vote in the affirmative for adoption to occur on Policy issues such as: Amending, Deleting, Adopting, or in any way changing the Policies, Guidelines or By-Laws of the RSC, Standing Sub Committees, Ad-Hoc Committees, or Incorporated Boards.
