I would like to share our experience, strength and hope about having a regional web committee.

It started in 2005, it was before my time in the committee and before 2005 they have had many long discussions about how to run a committee.

Description of our guidelines

We are responsible for that NA Region Sweden homepage is online, updated and keep a high quality both concerning NA and technical. We are responsible for the good reputation concerning NA on nasverige.org.

We ensure that we are effective in our communication to the public and NA members through the website and/or e-mail.

We ensure that all servants of the NA Region Sweden have access to an email address. We ensure that all servants of the NA Region Sweden have access to our services pages.

We have a responsibility to document and report our experiences. We have a responsibility to conduct regular inventory of our service work.

We are responsible for the digital meeting list is updated and to following roundnes.

We are responsible for NA Sweden's Region archive.
Today we are between 7-10 members and the committee is organized in to groups like following:

Group 1 administration – vice chair and chairperson, which are elected in the region. In the committee we have decided that we sit two years on each post. This group is the link between the region and SRWK (Sweden’s regional web committee). We have regular phone meetings, prepare, structuring, organizing and planning for the overall service in SRWK. We have three ftf meeting a year. We reporting to RSC and are taking care of the organization of the service.

Group 2 technical – webmaster – they are between 1-3 member, organizing the service that is concerning our homepage, the latest thing is that we soon is going to start a web shop, but this group also have done thing like a new webpage and lots of other things, a hard working group that spend many hours and much effort to make everything work. The more this group do the easier it gets for the user. This group has of lot of cooperation with the rest of the fellowship when it comes to document that we put online.

Group 3 Info – member’s varies from 2-3 members, me myself sat in this group two years. Here they are answering mail that people are sending true info@nasverige.org. E-mail comes from professional, members, suffering addicts, relatives, and so on. We get about 3-5 mails a day and our goal is to answer within 24 hours. This group is making a compendium about our mail correspondents to the fellowship every year.

Group 4 - 2 members wich are correcting and keeping the regional meeting list correct and online. They are in contact with all the areas in Sweden to make sure that time, day and meeting are correct.

Group 5 – Today we don’t have any members in this group but we have plans for it, like newsletter, and to look over our texts on the homepage and more are to be revealed.

Every year we are making a plan for our activity's and priorities them. This year our areas consist of administration, leadership, education, committee activities and availability.

There are much more to say, but I stop here for now.
