Who Is an Addict?

Most of us do not have to think twice about this question. We know! Our whole life and thinking was centered in drugs in one form or another — the getting and using and finding ways and means to get more. We lived to use and used to live. Very simply, an addict is a man or woman whose life is controlled by drugs. We are people in the grip of a continuing and progressive illness whose ends are always the same: jails, institutions, and death.

“NA is a nonprofit fellowship or society of men and women for whom drugs had become a major problem. We meet regularly to help each other stay clean. We are not interested in what or how much you used, but only in what you want to do about your problem and how we can help.”
