- THE VIDEO SHOOTING OPTION CAN BE CHANGED BY CHOOSING THE MOST SUITABLE DEVICE DEPENDING ON THE FRAMING OF THE SPEAKER. I HAVEN'T TESTED CAMERAS BECAUSE AT THE MOMENT ONLY THE MOST EXPENSIVE MODELS ARE COMPATIBLE WITH WEBCAM UTILITY SOFTWARE.
ONLY THE MEETING HOST CAN ACT ON VIDEO SHOOTING OPTIONS.
FOR THE TESTS CARRIED OUT AND THE EXPERIENCE BUY WITH GOPRO AND LOGITECH C920 AT THE FIXED WORKSTATION AT THE COORDINATION TABLE OF LARGE MEETINGS AND IPHONE IN WI FI MODE AT THE MOBILE WORKSTATION ON THE MEMBER WHO SHARES THE RESULT SHOULD BE ELIGIBLE
