## ***Sponsorship: Chapter Five, An Ongoing Journey***

“For many of us, our first truly spiritual connection to another human being occurs when we open up and share honestly with our sponsors. The support and love we receive when we walk together on our journey through the Twelve Steps helps to free us from the self-centered fear that lies at the core of our disease. Sponsorship offers us a pathway to change and a bridge to develop other relationships. Addiction robs us of the ability to relate. Recovery restores our connection to ourselves and the world. We now have the freedom to live a life of meaning. From the goodwill that forms the foundation both of the NA symbol and of sponsorship, we are able to grow in our relationships with self, society, service, and God.”

# Future of the World Service Conference after 2023

---

- How often does the WSC need to meet in person?
- How can we improve the virtual aspect of the WSC?
- Who needs to attend the face-to-face meetings in the future? Who could attend virtually?
- Who pays for attendance to the WSC?
- What needs to be or benefits from being discussed or decided at an in-person conference, and what can be done virtually?
- How can we use our time together at the WSC more effectively?
- How can we use the time between meetings more effectively?

## Local Service Toolbox Project

We are excited to be working on a local service toolbox—a collection of tools that reflect our Fellowship's best practices and experiences delivering services locally. We already have some materials, such as PR, Planning, and H&I Basics, but there are so many more we lack or that we have not revised or adapted in years. The "Basics" seem to be a good approach for us because they are perhaps less overwhelming than a large handbook, and they are easier to translate and revise. We believe a "toolbox" with small-scale pieces will have the same advantages.

The current focus of the project is virtual meetings best practices, and carrying the NA message effectively and virtually.

**Virtual Meetings Best Practices – September 2021**

[Word](#) | [PDF](#)

We have revised the virtual meetings best practices tool and created a survey to gather your input:

Survey: [English](#)

Our hope is to finalize the tool and publish it shortly after the review and input finishes at the end of November.

**Virtual NA Meetings: Connecting to the Service System**

It seems to us that this is an issue that many in NA are still figuring out. And undoubtedly, much will change in terms of the virtual landscape of NA when shutdown orders are lifted in more places and the pandemic begins to subside. Because of all of these factors, it seems premature to begin outlining resources or service tools related to this second project focus. We want to continue discussing how virtual meetings are connecting to NA by listening to what is happening in your communities. The survey on this topic is now closed and we are reviewing the input, but we continue to welcome your thoughts, ideas, and questions at any time. Thank you to everyone that participated.

Please click here [Word](#) | [pdf](#) for the March 2021 report containing some background and detail about the Toolbox Project's activities.

We continue to gather resources relevant to virtual NA meetings here – [www.na.org/virtual](http://www.na.org/virtual) - which you may find helpful. Resources from webinars focused on the project can also be found on that page.

Due to the high level of interest in this topic, we will be including information about the project in our regular NAWS Update emails. If you are receiving those please visit [www.na.org/subscribe](http://www.na.org/subscribe) please email [toolbox@na.org](mailto:toolbox@na.org). We are also including locally created resources.
