Subject: CAR Workshops are in season!

Hello,

We are happy to report that the session profiles and PowerPoints for *CAR* workshops have been [posted](#) and are ready for your local *CAR* workshops. Videos will be posted as they are prepared; this takes a little longer, but they're underway! This year's WSC will be heavily grounded in discussion, and early workshop presenters advise that discussion takes time. So even though there are relatively few motions, plan to allow enough time and space to work through the conversations. We look forward to your input!

Any member can fill out the *CAR* Survey and discussion question input forms on our [survey page](#). Conference participants will be sent a link for initial straw polls on the motions as soon as possible after 18 April so make sure your workshops are scheduled with enough time for a conscience of your region or zone to be gathered.

In loving service,

World Board
