A Vision for NA Service

All of the efforts of Narcotics Anonymous are inspired by the primary purpose of our groups. Upon this common ground we stand committed.

Our vision is that one day:

- ◊ Every addict in the world has the chance to experience our message in their own language and culture and find the opportunity for a new way of life;
- ◊ Every member, inspired by the gift of recovery, experiences spiritual growth and fulfillment through service;
- ◊ NA service bodies worldwide work together in a spirit of unity and cooperation to support the groups in carrying our message of recovery;
- ◊ Narcotics Anonymous has universal recognition and respect as a viable program of recovery.

Honesty, trust, and goodwill are the foundation of our service efforts, all of which rely upon the guidance of a loving Higher Power.

Collaborative Planning

NA World Services has operated with a strategic plan for over 20 years. Every conference cycle, the plan is revised and renewed and included in the *Conference Approval Track* material.

The priorities in the plan help shape the work ahead.

The 2026-2029 Strategic Plan was included in the *Conference Agenda Report* for Fellowship approval, and it's the first time the plan has been created by the conference as a whole. Making it a collaborative plan.

Collaborative Planning

The image shows a group of people participating in a workshop. They are drawing on a large sheet of paper. The drawing features a central figure with arrows pointing to various concepts: "Anonymity", "Protective", "Defensive", "Independent", "Code", "Masking", "Uninteresting", "Social", "Experiences", "Values", "High", "Low", "Touch", "Midi", "Nerve", "Guided", "Unwilling", "I belong?", and "Do I belong?". The participants are wearing watches and have tattoos.

Opportunities to Help with the Work

For the 2026-2029 cycle, all World Services project work will be accomplished through focus groups and web meetings—there are no new dedicated workgroups this cycle. Utilizing focus groups last cycle allowed us to be more flexible and to involve many more members in the work.

We've listed opportunities we believe we will need help with during the 2026–2029 cycle. Some of these may be focus groups or web meetings. Others may be opportunities to share experience via forms, surveys, or email.

Note: there won't be an opportunity for everyone to join a focus group. Even if you do not hear back from us, we appreciate your willingness. Thank you! Sharing ideas about posted drafts, completing surveys, and participating in workshops are also very important ways to help the work.

WCNA

The 5-year WCNA cycle begins with WCNA 39 in Dublin, 2028! The changes to our convention rotation plan followed much discussion about the rapidly changing conditions in the world and the effect on event planning inside and outside NA. The board is prepared to go forward with contracts and to begin to pin down details for WCNA 39, with eyes toward prudence and hearts eager for celebration. We will email information as it is available through NAWS Update emails. (If you [subscribe](#) to any of our emails, including the *Just for Today* or *Spiritual Principle a Day* meditations, you'll get the updates.)

DISCUSSION-BASED CONFERENCE

Facilitated breakout sessions allowed conference participants to think together about some opportunities and challenges we face. At the WSC, those discussions included seven breakout sessions in which focused conversations at round tables (or on screen) allowed all voices to be heard. Small groups reported back to larger groups, and the results were posted in the "gallery walk" for all to see and consider afterward. We will be referring back to those results over the course of the cycle. None of this work is wasted; we are getting better and better over time at capturing and making use of ideas and input.

In some cases, these discussions led to decisions. In others, they created the groundwork for further conversations in the coming cycle. Some of these sessions also laid the foundation for additional work on Fellowship development and problem-solving back home in local NA communities. The two New Idea Discussions on Friday asked the groups to consider a variety of issues in succession. We learned a lot about what a discussion-based conference can be: thoughtful, collaborative, generative, inclusive—and noisy!

That's less than the **coffee budget** at many home groups.
