Subject: NA Survival Kit and SPAD Bundle Now on Sale! Taking Root posted

Narcotics Anonymous
World Services

Hello everyone,

We are excited to make a special offer on NA's best-kept secret: The NA Survival Kit (NASK) is now on sale. And there's more! We are also offering the special edition *A Spiritual Principle a Day* (*SPAD*), wooden box, and bundle at reduced pricing. These discount prices are valid from now until the end of the year.

Those who have discovered The NA Survival Kit have been telling us they're delighted. The kit is five small paperbacks in a slipcase; they contain all the material on the Twelve Steps from the Basic Text, *It Works How and Why*, and *The NA Step Working Guides*. As an added bonus, the questions from the Step Working Guides are numbered! These small volumes can slide discreetly into a notebook or handbag for easy, low-key access to your stepwork. Members who sponsor have said the Survival Kit has made working with sponsees easy and convenient; some who do H&I have also found these paperbacks useful for incarcerated members who are ready to do some stepwork.

NASK - $20 $15

All the special pricing can be accessed in any of our webstores. We also have a special Product News Flash that you can share with your service bodies. We hope that everyone takes the opportunity to use this special discount between now and the end of the year. Remember Sponsorship Day is 1 December. Also, we hope your groups, service bodies, workgroups, and committees are all able to use the limited time special pricing on the case discounts.

Did you know… There's a project underway revising the material about NA Groups including the *Group Booklet*, IP #2 *The Group,* and the chapter on Group Service in *A Guide to Local Service in NA*? There will be an open webinar about the project on Saturday, 21 November. Even if you're not super-into NA service, this is a project that needs your input. Please come learn about it. You can also read more on the project page and we have a flyer available.

If you read the *Conference Agenda Report* last year, you might have seen an essay about DRT/MAT called *Helping Members Take Root*. This review of the input we

received last cycle and where we are as a Fellowship on issues of medication-assisted treatment was well received at the Conference—and by some professionals who had the opportunity to read it. It's posted now on the PR page, under this topic, for those who want to read it or to use it in your PR efforts.

And hey—*NAWS News* is coming out just about the same time as this email. Check it out to learn what else is going on in our fabulous Fellowship.

In loving service,

World Board
